HOW CARD PAYMENT WORKS

Hold first. Charge after AI checks.

The card amount is held, not charged. AI cameras see what was taken, and the charge settles for exactly those items.

Happyice®
CONNECTING BRANDS WITH CONSUMERS

Example

HELD
Pays for 1 × Solero — **$1.50**
Amount held, not charged yet

AI CHECK
"Mistakenly" takes a Magnum 🤫 — **1 item**
Cameras see 1 × Magnum taken

CHARGED
Final bill updated automatically — ~~$1.50~~ **$4.70**
No need to tap the card a second time

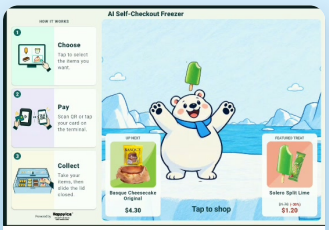

Just walk up and buy

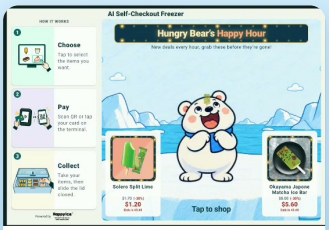

- ✓ No QR code to scan before opening
- ✓ No app, no personal details to register
- ✓ Planogram, prices and stock managed remotely

Comes as Hungry Bear by default

Wrap · Screens · Happy Hour

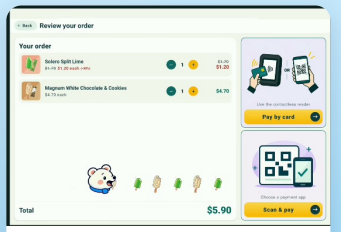

Animated welcome
